

T5 TRUE WIRELESS

Klipsch®

The T5 True Wireless earphones provide incredible comfort, clarity and freedom for you to enjoy your music all day with no wires.

LEGENDARY SOUND + GREAT FIT

After 60+ years of making legendary loudspeakers, we built upon our bold audio heritage to revolutionize the headphone industry. Since 2007 we have been creating the most innovative headphones on the market. We are the performance and comfort winners. Period.

The same advanced acoustic engineering and industrial design from our legendary home theater speakers provide the performance, voice and design for the T5 Series earphones. They are engineered for pure performance and designed to be the best sounding most comfortable headphones on Earth and the embodiment of legendary Klipsch sound.

PATENTED OVAL EAR TIPS

Klipsch in-ear monitors utilize patented contour ear tips that are designed to accurately sit inside the ear canal. These soft oval silicon tips reduce ear fatigue, provide the ultimate comfort and an excellent seal for noise isolation and superior bass. They fit better, they feel better, and only Klipsch has them.

FULL BASS, DYNAMIC DRIVER

Engineered from the ground up to deliver powerful performances from the smallest package, the T5 True Wireless dynamic driver combines high output and full bass extension. Ensuring deeper fit and better hold, the smaller acoustic modules are designed to stay in your ears securely and comfortably.

BATTERY LIFE + CHARGING CASE

T5 True Wireless provides 8 hours of battery life on a single charge and up to 24 additional hours with the charging case, giving you the freedom to take calls and listen all day long. The metal battery case not only charges your earphones but protects them when not in use.

CLEAR VOICE CHAT MICROPHONES

The four microphones integrated with cVc® automatically enhances voice clarity and actively reduces environmental noise to ensure your calls are loud and clear.

DIGITAL ASSISTANT READY

Instantly connect to the digital assistant of your choice with one press.

BLUETOOTH 5

With aptX and AAC high quality codecs, the signal is as good as wired with no delay during video playback.

SWEAT/WATER RESISTANT

IPX4 rated meaning these earbuds will withstand the elements.

KLIPSCH CONNECT APP

The Klipsch Connect App adds extra features like mixing in ambient noise and lets you personalize your experience. Stay on top of your battery level, EQ settings, firmware upgrades and more. **Available for download on iPhone and Android App Stores**
